United Way Community Resources Second Partner Meeting

Taylor Baer, Rader Francis, Jolli Khoo,
Kate Sanders, Uzair Tariq, Grace Thomasson

Dr. Mark Goadrich
CSCI 340: Database and Web Systems

Client Goals

- Easy to use interface that connects those in need to the resources that can help them.
    - Currently not well organized
    - Cannot see all resources
    - Difficult to navigate
- Many users have low literacy levels so pictures would be helpful
- Should be able to work on a mobile phone

Example Use Case

Connect to resource (clothing) –

Primary Actor: Community user

Precondition: Site loaded & user performed search

Trigger: User select site, phone number, link, etc.

Minimal Guarantee: Connection options displayed to user

Success Guarantee: User will be connected to resource via phone number, website, etc.

Main Success Scenario:

     1. User select connection.

     2. User connected to resource.

Feedback

Our client was pleased with the presented Moqups!

Feedback Received

- Loved that we included an option for Spanish
- Wants pictures to go with each organization
  - Logo or Building picture, maybe an album
- Want a map to go with the organization
  - If possible, calculate distance from user or United Way
- We need to keep brand compliance in mind

Clarifications Answered

- We have the contact information of the person who built the current website now
  - Contact about brand compliance and integration
- We received the Resource Guides…. as PDFs/Word Docs
  - We need to find a way to put these in a database
  - Some of the information is incomplete/incorrect
